

GALLIANA CREATIONS CO.,LTD.

August 25, 2023

Galliana Creations Co.Ltd / Gabrielle Bruni Creations; has been established in Thailand since 1998.

In 2010, we expanded our production facility and invested into the FREE ZONE development at Gemopolis.

The main reasons for relocating from Silom to the I.E.A.T approved FREE ZONE area at Gemopolis were;

- Tax Privileges
- The benefit of 100% ownership for foreigners in their corporations
- Exemption of import duties and VAT for raw materials, machinery, tools and equipment as well as semi-finished and finished products.
- 1000 sq meters, same floor Factory space within a secure industrial estate
- Close proximity to Suvarnabhumi International Airport

Galliana has worked closely with I.G.S Co.Ltd from our initial purchase in 2010, to the sale of our property in 2019, to finding the perfect rental space for us within the FREE ZONE developments. I.G.S Co.Ltd helped immensely with facilitating smooth transactions with every step.

I would like to thank Mr. Suthipong, Mr.Danny and their highly professional team members for their diligence over the years in making working in the Gemopolis Estate to be a pleasure.
